

Welcome to Aquapriva

Aquapriva is a new and unique wellness center concept that can be build at suitable metropolitan areas around the world.

Aquapriva is looking for Investors or licensees for the first Aquapriva project, which is at the moment just a concept, but may be your profitable investment tomorrow.

Aquapriva consists of (eight) separately rentable private wellness areas with swimming pool, hot tub whirlpool, sauna and an integrated café and catering area inside a surrounding building with a public restaurant, a shop, a beauty or fitness center and optionally other enterprises.

The unique features of Aquapriva are

1. The exclusive rental concept
2. The circular arrangement, which connects all private wellness areas to only one central café and catering area, which can thus be run by a small crew only
3. The surrounding public restaurant, shop and other enterprises
4. The resulting sales and turnover concept

The targeted total costs for the first Aquapriva is 15 million €.
(Calculation may vary by country and desired components.)

The targeted payback period is 6 - 8 years.
(Calculation may vary by country specific energy and labor costs.)
